

## **WMF-026-P WELDING MANAGEMENT SYSTEM POLICY**

Williams Metal Fabrications Pty. Ltd. (WMF) is committed to identifying and complying to our clients specified and regulatory welding / fabrication requirements. We will provide products with quality at a level that is safe, in accordance with the specified construction category, fit for purpose, economically viable whilst conforming to contract specifications and delivering the product on time.

Our prime area of operation is welded metal fabrication and repair to:

- AS/NZS 1554.1 Structural steel welding – Welding of Steel Structures
  - AS/NZS 1554.1 Structural steel welding – Stud Welding
  - AS/NZS 1554.3 Structural steel welding – Welding of Reinforcing Steel
  - AS/NZS 1554.4 Structural steel welding – Welding of high Strength Quench and Tempered Steel
  - AS/NZS 1554.5 Structural steel welding – Welding of Stainless Steel
  - AS/NZS 1665 Welding of aluminium structures
  - AS 4100 Steel structures
  - AS/NZS 5131 Structural Steelwork – Fabrication and Erection
- and equivalent Standards and Codes nominated by our customers.

We are also committed to do this safely, for the benefit of our employees and shareholders, with minimum harm to the environment in accordance with our integrated management system (IMS).

All employees, including Directors, are to conform to the WMF Policy and the Welding Management System in accordance with ISO 3834-2 2005 Quality requirements for welding.

WMF will ensure that its weld management system is understood by all employees to the level required to allow them to fulfil their defined roles. This will be achieved by appointing skilled employees and providing ongoing training and information.

WMF operates in accordance with its documented management system which generally conforms to:

- AS/NZS 5131 Structural Steelwork – Fabrication and erection.
- ISO 3834.2:2008 Quality requirements for welding – Fusion welding of metallic materials
- AS/NZS ISO 9001 (Int):2015 Quality management systems
- AS/NZS ISO 14001:2015 Environmental Management Systems
- AS/NZS ISO 45001:2018 Occupational Health and Safety Management Systems

The welding management system will be maintained and improved from operating experience, new ideas from all sources and is subject to various inspections, checks and audits, both internally and externally.

WMFs' goal is to continue to improve and achieve the agreed specified requirements, on time and on budget, with zero harm and injury.
